Re: Hill, Jason CDC # N-71422 Court Docket: 15F06660

Inmate Hill is 38 years old. He has been sentenced to prison four times, has committed five drug related crimes, has committed two strike offenses, and has been a drain on Sacramento County since 1999. The circumstances surrounding his current conviction and his prior criminal record show that he poses an unreasonable danger to the community.

Inmate Hill's current six-year prison commitment stems from a drug sales case that occurred on October 28, 2015. At the time of the offense, Inmate Hill was on probation for possessing heroin and methamphetamine. That case occurred February 19, 2015. Inmate Hill was barely able to make it eight months until he was back to his old ways. It is a foregone conclusion that if released, Inmate Hill will continue to peddle drugs in Sacramento County.

On October 28, 2015, Inmate Hill entered a 7-11 convenience store and attempted to sell cocaine to the clerk and multiple customers. The clerk called the police and reported that there was a man selling cocaine at the store and that he had a female and a child with him. Officers responded and found Inmate Hill in possession of approximately \$16,000, multiple grams of methamphetamine, and multiple grams of cocaine. It is presumed that the \$16,000 was obtained by selling drugs.

As we are given 30 days to respond, and we are not provided with any disciplinary history or any other information aside from the one-page notice of parole review, I cannot comment on inmate Hill's prison conduct. However, from the record that is available it is clear that inmate Hill should not be released as he poses a significant, unreasonable risk of danger to the community. Parole should be denied.

Respectfully submitted,

Brian Guerrero
Deputy District Attorney
Sacramento County District Attorney's Office
