Re: Miguel Ramirez Padilla, CDC# F62952

[REDACTED]

[REDACTED] Mr. Padilla was arrested and convicted of 6 counts of residential burglary and received 4 years in prison in 1984. While in prison, he had a number of arrests for conduct occurring in the institution. In 1986 he was arrested for possession of alcohol or drugs in prison, 10 weeks later he was arrested for assault by a prisoner, and two weeks later he was arrested for a prison conspiracy.

Upon his release from prison, in 1989, he was convicted of vehicle theft and received a jail term. He was then convicted for being a felon in possession of a firearm in 1989, and then he was arrested for possess alcohol or drugs in jail or prison. In 1992, he was convicted of another residential burglary and committed to prison for 9 years. While in custody in 1995, he was arrested for possession of alcohol or drug in a jail or prison. Upon his release from prison, he was convicted of possession of concentrated cannabis and received a 16 month prison term.

In 2007, he was convicted of possession for sale of methamphetamine. Because of his prior strikes, he received a sentence of 32 months in prison. Upon his release in 2011 and while still on parole, he was arrested and convicted again of possession of methamphetamine for sale when he was found to be in possession of 2.6 ounces of methamphetamine which he admitted possessing for sale.

I have not had an opportunity to view his C file to determine if he has abided by institutional rules and regulations but I would hope you would do so in evaluating his suitability for early release. His [REDACTED] criminal conduct would suggest that his ways are entrenched and unlikely to change. We are opposed to his early parole.

Respectfully,

Robin B. Shakely, Assistant Chief Deputy District Attorney
